**Note 2**      **Basis of Preparation**

a) Statement of Compliance

These unaudited condensed interim financial statements for the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”). These condensed interim financial statements, for the three month period ended October 31, 2014, have been prepared in accordance with International Accounting Standard (“IAS”) 34 Interim Financial Reporting, however, they do not include all of the information required for full annual financial statements.

These condensed interim financial statements should be read in conjunction with the Company’s 2014 annual financial statements.

The financial statements were authorized for issue by the Board of Directors on December 22, 2014.

b) Basis of Measurement

The condensed interim financial statements have been prepared on a historical cost basis, as modified by the revaluation of held-for-trading and available for sale financial assets. The condensed interim financial statements are presented in Canadian dollars (“CDN”), which is also the Company’s functional currency and all values are rounded to the nearest dollar, unless otherwise indicated. The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company’s accounting policies. The Company’s accounting policies and areas involving a higher degree of judgment of complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Notes 3 and 4 of the Company’s 2014 annual financial statements.

**Note 2      Basis of Preparation – (cont'd)**c) Going Concern of Operations

The Company has not generated revenue from operations. The Company incurred a loss of \$16,044 (October 31, 2014 – \$51,110) during the period ended October 31, 2014, and, as of that date, the Company's accumulated deficit was \$7,127,016 (July 31, 2014 - \$7,110,972). As at October 31, 2014, the Company had \$5,428 (July 31, 2014 - \$252) in cash, working capital deficiency of \$463,655 (July 31, 2014 - \$613,286) and no long-term debt. The Company does not have sufficient cash resources to meet its obligations for at least twelve months from the end of the reporting period. While the Company has been successful in obtaining the necessary financing through the issuance of common shares and loans from related parties in the past, there is no assurance it will be able to raise funds in this manner in the future and there remains significant doubt as to the Company's ability to continue as a going concern.

These financial statements do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and, therefore, be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of operations, and at amounts different from those in the accompanying financial statements.

**Note 3      Available for Sale Investments**

Available for sale investments consists of investments in common shares of Dawson Gold Corp. ("Dawson") and shares of O'Connor Lake Mines Ltd. ("O'Connor").

At October 31, 2014 and July 31, 2014 the Company held the following shares:

	<b>October 31, 2014</b>			<b>July 31, 2014</b>	
	<b>Shares</b>	<b>Original Value</b>	<b>Fair Value</b>		<b>Fair Value</b>
O'Connor	100,000	\$ 5,000	\$ -	\$ -	-
Dawson	7,500	9,000	-	-	-
		\$ 14,000	\$ -	\$ -	-

The fair value of Dawson has been determined by reference to published price quotations in an active market and O'Connor, a private company, has been written down to nil due to a lack of corporate activity.
